

## School Newsletter

14th January 2022

Issue: 17

Christian Value: Respect    Learning Behaviour: Participation    Worship Theme: Martin Luther King-Respect for All

Although it was a really chilly start today it was lovely to see the sun shining. It is always a great reminder that Spring will soon be here. At school, as the week has progressed, we have seen less staff absence due to Covid which has meant we have been able to put in place more of the 'Kibworth Extras' we all like doing. The news from Public Health was not so cheery as Mike Sandys reported that rates of infection across Leicestershire are exponential. From next week your child can return to school on day 6 if they have two negative tests. Please see the diagram overleaf. Please do make sure you let the office know if your child is isolating but is well enough to undertake some school work.

Miss Cornish and the Senior Leadership Team have been reviewing reading across the school. Children are enjoying their reading lessons, are very positive about their knowledge and are enjoying all the new books we have in school. Home reading is a real success. The diaries show how well home and school work together to ensure children are as fluent as possible. Thank you all so much for your effort and enthusiasm in this area of learning.

This month we are going to reintroduce our values passports. We have been learning about the impact the courage shown by Rosa Parks and Martin Luther King had on the whole world. The children are able to discuss how they show courage by standing up for others. All our Christian values have informative leaflets on our school website. Do have a look if you would like to encourage your child to show respect at home or to read some of the inspirational quotes from Bono and Baltasar Gracian, [HERE](#)

### Census Day Meals

The school is funded by the government for all the universal free school meals in Foundation and Key Stage One and Free School Meals in Key Stage Two according to the number of children who order a school meal on School Census Day. The number of meals ordered have a big impact on our budget so we kindly ask that as many of you as possible, who are eligible for any type of free school meal order one on **Thursday 20th January**

Thank you for your support!

### Reading Raffle

To be in with a chance of winning a £5 book token next week make sure you hand in your reading diary.

### After School Clubs

Clubs for this term will be starting after the half term holiday (**w/c 21st February 2022**).

Hopefully by then the weather will be a little bit warmer and we might be in a position to hold some sessions indoors.

## Earthquakes in Year 3!

This week, Year Three have loved starting their new Geography topic - 'Tremors'. One day, we came back to our classrooms to discover our own mini natural disaster had occurred over lunchtime! We looked around our classrooms for clues and realised that there had been an earthquake. We then learnt how children, in countries where earthquakes are common, are taught to stay safe when an earthquake happens. They follow the instructions: 'drop, cover, hold!'. We made our own information posters to help teach these children how to stay safe. We have also learnt about the layers of the earth and the differences between physical and human geography. We explored a map of the UK to find some of the physical and human geography features!
